Making everyday life easier

EasyGlide Oval Mini

5045

Facilitates positioning further back in chair

The sliding boards are small and convenient, with soft, round shapes and smooth surfaces; features which make them very easy to place and remove and to always have readily available and close at hand.

5045 Easy Glide Oval Mini 45 x 20 cm 2 pcs

With FootStool as support under the user's feet, it is very easy for the caregiver to place the sliding boards under the user's thighs and seat. When sitting on the sliding boards, one EasyGlide on each side, the pressure from the user's weight is distributed over the soft surface.

available in two variants with different height; 10 cm/4" or 5 cm/2".
